Lieutenant General William W. Quinn Deputy Director, Defense Intelligence Agency Department of Defense Washington 25, D. C.

Dear Bill:

Thanks for your note of the 19th reference the movement of NIC. It was perfectly apparent to me that neither you nor Joe had any knowledge of the magnitude of the delay involved.

I know you and Joe will exert every effort to recapture the space so that the move of NIC can be made concurrently (or within a short time of, say, a month to six weeks) with the CHC.

If you need any help from the Secretarial level, I am sure I can enlist Mr. McCone's strongest support through his direct contacts with Mr. Gilpatric or Mr. McNamara.

Many thanks again for your help.

Faithfully yours, 15/Pat West SS Marshall S. Carter Lieutenant General, USA Deputy Director
